

REGISTERED LAYER

The register is a list of paver layers that have provided Lakeland Pavers with **two** recommendations from clients that have been verified by a Lakeland Pavers representative.

Lakeland Pavers does not guarantee the work carried out by anyone on the register.

All paver layers on the register have to agree to follow the Lakeland Pavers Code of Practise.

Registered Paver Layers details will be listed on Lakeland Pavers website and they will also have a page to promote their work. (All content is to be submitted to Lakeland Pavers for approval before being allowed on the website). The paver layer can also advertise themselves as a Lakeland Paver Layer. Lakeland Pavers will provide 3 x polo shirts and brochures as required.

This is a **free of charge** service and is provided to promote quality workmanship and peace of mind for the end user.

To become a registered Lakeland Paver Layer, contact your local Lakeland Paver stockist and complete a simple registration form and return it to the stockist. A Lakeland Pavers representative will then contact you.

Lakeland Pavers is committed to working with paver layers to establish working relationships that flourish and benefit everyone.
